VPI Software

To operate a VPI solution, you need a VPI-Agent and a VPI-Portal. The VPI-Agents are free of charge on standard platforms. The VPI-Portal can be leased on an annual base and hosted either by the customer at a provider of his choice or in a cloud service (Amazon Elastic Cloud EC2).

Alternatively, VPI-Agents can be connected to iniNet's v-p-i.com portal on an annual fee base.

VPI Agent

Version	Features	Prices in Euro, excl. VAT
Linux, WinCE or XP	A VPI agent is a piece of software that tunnels an embedded Web-server from within an intranet to a VPI portal.	FREE Order Nr. 2201

VPI Portal

This is an annual Fee. Includes setup and installation on Amazon Elastic Cloud Service EC2, SSL certificate setup.

Version	Features	Prices in Euro, excl. VAT
Linux (Windows on request)	VPI Portal Basic. Can be hosted on a Linux-based server. Implements a HTTP-server including the VPI-tunneling mechanism. Requires a ‚Java Virtual Machine‘. Connects up to 1000 VPI-Agents permanently to a virtual sub-directory. Password protection per client is possible. Maintenance includes remote management of the VPI software, SSL certificate renewal and automatic updates on new releases of the portal as well as on the VPI-Agents. The portal is hosted by a third party internet service provider and iniNet has the full root access.	4'000.- Order Nr. 2202
	VPI Portal Extension: License for an additional 1000 VPI-Clients to a ‚Basic‘ License	1'000.- Order Nr. 2203

Leased Tunnels On www.v-p-i.com VPI Portal

Version	Features	Prices in Euro, excl. VAT
	Operate one permanent tunnel on the v-p-i.com portal as either an ‚Instant Internet Access‘ or an administred tunnel.	50.-/Year
	Operate up to 10 permanent tunnels on the v-p-i.com portal as either an ‚Instant Internet Access‘ or an administred tunnel.	299.-/Year
